Oceanswept Chronicles 3: A Slip Into Solace

Synopsis

If Nicholas were honest with himself, he'd admit to still being in love with Tessa Monroe, despite her engagement to Lord De Luca. He buries his hurt, letting it fester into a burning anger that is slowly poisoning him. When the brazen female pirate Meg approaches him in the middle of the night with a bottle of brandy, Nicholas can sense the trouble. But now that Tessa has abandoned him, why should he worry so much about resisting Meg? • is a short story that retells a pivotal scene from the novel Undertow from another character's point of view.

Customer Reviews

I love The Oceanswept Chronicles, and I LOVE getting to read some of the poignant parts of the story from Nicholas' point of view. The story itself is so well written, with great characters and these little 'shorts' are very pleasurable.

I enjoy these scenes from Nicholas' perspective, but wish we could sneak into his perspective for a bit longer!

CAution that this is just a very short story. Not sure that I would have paid 99 cents if I had realized that.

Once again Nicholas's point of view was portrayed just as I had imagined "Nicky" would have felt. He is a hard shell with a soft sweet inside.

I LOVE when author's re-write scenes from a different character's perspective, and this one did not disappoint. (Undertow spoiler alert --- This short story is the scene where Tessa sees Meg and Nicholas kiss) When I read the original scene in Undertow, I was actually hoping the author would re-write this scene from Nicholas' perspective. I was so mad at him after reading the Undertow version, but getting this little insight into his mind was perfect. So well told, and I finally feel like I can forgive him for that night. Just a little something to hold us over until the final novel comes out. I can hardly wait!

I really enjoyed reading this series. It has so many different emotions, happy, sad, scared, edge of your seat. I can't wait for the last book of the series to come out

I love the snippets here and there of getting inside a characters head. I love to be able to see another's view, and my only complaint is I wish it were longer :)
