Customer Reviews

My fifth grade student is on a third grade reading level and he just hates to read, but this book and the author have sparked his reading interest! He loved this book and the characters because he loves motorcycles. I have already order Jake Maddox's book about BMX bikes for him and he can't wait to get it. Very nice to have books for boys that struggle with reading.

My son is 10 yrs old and reading is his least favorite thing to do. However, give him a Jake Maddox book and he'll sit and read several chapters at a time. Not to mention they are all about sports, my sons favorite subject.

gift

I am eight years old and this was a great read for me. This is a good book for a guy my age.

You can't beat Jake Maddox for books with high interest and low readability.

Great

My son really enjoyed receiving and reading this book. I'm glad that I ordered it for him and will order again in the future. Thanks!
