Customer Reviews

I thought the book was a very interesting book. R.L. Stine told the story from the perspective of Emily. A girl who's mother got remarried and she is getting a new stepbrother and stepsister. Then terrible things start happening to Emily and it all points to her new stepsister Jessie is she really behind or is someone else pulling those sinister pranks. Read this then get the stepsister 2.

This was probably the best R.L. Stine novel I have ever read. This is an amazing book for every

individual who loves a surprising mystery.

I was intrigued by the title of this book and knew I had to read it. As I suspected, it was very good! The suspense and chilling moments made the book a real page turner! It even ends with a surprise twist! I really enjoyed this book very much.

Great book to read while traveling. Kept me engaged the whole flight. Even though you start to figure some things out toward the end you still want to press and finish the book.

Loved the book thank you!

I read these books as a kid. I'm 26 now and felt nostalgic one night. This book was a good read. Honestly, I have read so much, and even I was guessing at the mystery within. I would totally recommend this to anyone.
