Customer Reviews

I love Vader and this show us why he is a Force of nature to be feared

Amazing! Can't wait for more!

A very nice book, but a little short. The art is good but nothing outstanding and the story is entertaining enough. I would recommend this if you're a fan of the saga and the Dark Lord.

This comic series really lets you see the power of Vader.

Great read and fantastic price!

Good collection of first two trade paperback collections. My only problem is that a single page has a scratch across it, but that's only a minor issue.

If they ever make a solo Vader film, which I certainly hope that they do, this should be the plot. I would be disappointed if it was anything but this.

The story, art, absolutely everything is amazing in this book. Great Vader storyline
