# In The Midst Of Alarms: The Untold Story Of Women And The War Of 1812

## Synopsis

The War of 1812 between the United States and Britain has been covered in detail by many historians, but its impact on the lives of women has been largely overlooked. After years of research, Dianne Graves has produced a marvelous study of how the war affected women at all levels of society, from high society in Washington and Quebec to the women who followed their husbands to the front lines. She brings to life the untold stories of wives, daughters, heroines and harridans, as revealed in memoirs, diaries and letters of the time. The book is well illustrated with portraits, cartoons of social comment and styles of dress of the time.

## Book Information

Paperback: 512 pages

Publisher: Robin Brass Studio, Inc.; 2 edition (October 15, 2012)

Language: English

ISBN-10: 1896941680

ISBN-13: 978-1896941684

Product Dimensions: 6 x 1.2 x 8.9 inches

Shipping Weight: 1.7 pounds (View shipping rates and policies)

Average Customer Review: 2.0 out of 5 stars 1 customer review

## Customer Reviews

Dianne Graves is the author of two previous books. In the Midst of Alarms examined the experiences of women in the War of 1812. She has also written a children's book about the Battle of the Windmill in 1838.

I have been waiting for a book covering this topic for years. So I was a little disappointed that there wasn't more new information in it. I realize that this information is very hard to come by, but it seems the author didn't go as far as she could have to try to find it. There were primary sources that she didn't pursue. I was also disappointed that she used secondary sources so much, such as Anthony Pitch's book, rather than tracking down those primary sources herself. But it is noteworthy that she made the effort to cover the war from a different point of view than the traditional military historian.
