Woodard - From a very young age I made absolutely everything into miniature books, sometimes with no purpose at all other than to hold the tiniest book in the world in my hand! In 2007 I graduated with a first class BA (Hons) degree in illustration and since then have illustrated for picture books, children's magazines, wedding invitations, logo design, website design, pattern design and hand-lettered typography. I love working with an array of materials, most often gouache, acrylic, coloured pencil and collage to create warm and friendly illustrations. I also sometimes use a bit of Photoshop, although I try not to make it too obvious... I love all things 1920s and am particularly inspired by the nostalgic childhood innocence of the books of AA Milne and Enid Blyton. I grew up in the beautiful countryside of Suffolk, spent the last ten years in lovely Lincolnshire and have recently relocated to the sunny Sussex coast with my lovely husband!

Really enjoying this so far. Seems to be Biblically sound. Very basic telling of Bible stories. Nice illustrations. I like the Jesus Calling applications. They are really written well for young children. Thought provoking and good to start some good conversations.

Reading this to my son brings joy to my soul. Hearing him beg for us to read the stories to him is amazing. I love the "Jesus Calling" section. Every time I read it I get to tell him "This is what Jesus would say about it....." Very informative stories, good illustrations, Love it!

Colorful and artistic, and I am not just talking about the artwork. The language communicates the meaning / message of the text in a way that children (and adults) can read and hear. It is not 100% accurate translation, nor does it include all stories of Old or New Testament, but not all stories of bible need to be read at a child's age. Great introduction that I hope will keep my kids reading the bible for years to come!

Excellent as a beginning tool for children to learn about what the Bible teaches us and our Lord and Savior Jesus Christ. Wish this was available when I was a child and my parents read this to me.

Grandson loves it !!

This is a great book for little ones! Such a great way of telling the stories of the Bible. As an mom I am learning a lot too!

Great teaching tool for young ones. Pictures colorful and holds the attention of children.

I think this is my favorite children's Bible story book so far (and we have quite a few). The devotions after each Bible story really explain the lesson. If what my little boy is hearing really sinks in, he will have a better understanding of the overall story and message of the Bible than I did as a child. I would highly recommend this book!
