## **Customer Reviews**

I have read all four books and loved the story line. I enjoyed each book but you have to read all four to get the complete story. Karin Bishop is one of the best author's I have read in a very long time. So far I have read more than 70 percent of her books but this set of books is one of her best. I could not stop reading until the end and would have loved for this story line to go on and on. I highly recommend her books and especially On the Road Again...all four books

This is the absolute best of Ms Bishop's writing.I absolutely loved this series and even, unsuccessfully, petitioned her to continue it.This series has made me a major fan of her work.
