## **Customer Reviews**

Great condition.

will use it.

Good in depth overview with good application resources, for serious business interests a recommendation for all who wants to get into securities sales.

Basically a simplified version of the textbook. Some paragraphs are exactly word for word. I had to buy E&E instead.

Basically the title said it all, poor packaging..when I opened the package, the book itself was covered in the gray stuff.. I had to dust it off for a good while and then vacuum up the pieces. Also, took awhile to receive.
