Organic Soap Making: Beginners Guide To Making Handcrafted Luxurious Soap From Organic And Natural Materials

Synopsis

Make Organic Natural Soap At Home Starting Today!Contrary to what advertisements and endorsers say, manufactured soap bars can actually harm the skin. Store bought soaps contain not only harmful chemicals and preservatives but also some of the same ingredients found in detergents! They strip the skin of its natural oils and further irritate it. This book will help you understand the importance of using soap made from organic materials found at home. You will learn about the benefits of making your own handcrafted luxurious soap instead of buying one from stores and supermarkets.Organic Soap Making contains proven steps and strategies in making high quality organic soaps that can help clean your body and maintain a soft and youthful looking skin. This book also contains tips on how to choose the right ingredients in making soaps.Homemade soaps offer a lot of benefits in just a single bar. They can exfoliate, revitalize, hydrate and moisturize the skin at the same time. Aside from that they have an aromatic scent that smells natural, light and sweet! Customer Reviews

Gave this book to my wife and she really enjoyed the process of making soaps. If you're a beginner and you're serious about making soaps, I highly recommend it.

A good basic book on soap making. The recipe instructions on a couple of soaps directions were confusing . The recipe for the poppy seed soap was unclear on steps 4&5. If you had not made soap before it would not be clear why the soap had to be melted when you had just melted it in the microwave? But this book was full of wonderful information.

This is a great soap book for a beginner. I have just recently been interested in making my own soap at home and I thought if I am going to the trouble to make my own soap why not make it as safe as possible. I would highly recommend this book if you are looking for information on making homemade soaps.

I like this book. I found it very informative. I can't wait to try some of the recipes, especially Avocado soap with coconut oil. It sounds exotic.

Very good book

It is a good book. very easy to read.

Seems like a very instructive book for any beginning soap maker. Looking forward to trying to make my own soap.

Thank you
