Customer Reviews

Trying to fill in a unique review when you purchase a series one by one for your wife's classroom makes for an interesting challenge. But thankfully saying the same thing in as many different ways as is creatively possible is task I enjoy figuring out. Great reads in any language... and then add it into a classroom setting and you find the break from the monotony of textbook and lecture and

notes that the kids will adore and relish. Even in the high school range, these books really offer a great tool for reaching your students or kids.

I bought this book for my three-year-old daughter who loves bedtime stories. I like to read to her Spanish books so she can learn a second language. She is able to understand the story and answer all my questions. The book has big colorful images and is very easy to read. I highly recommend this book.

This is not the traditional Little Red Riding Hood story I grew up with. However, it is a much cleaner version where the wolf doesn't eat the grandma, but stuffs her in a closet. The woodsman doesn't chop up the wolf, but scolds him for tricking red.

The story is not too long (which is good) for the kids, however it ends abruptly and differently to what I remembered

Adorable, love the modified story

gift

The book tells a slightly different story than I remember. However, it serves its purpose. I wanted to read the story to my kid and have him read some of it on his own, since he's starting to read. Love that it's both in English and Spanish because we can practice those language skills!

Excellent.
