Customer Reviews

Easily the best rock band uke book I've purchased. It includes chords and tabs and is great for anyone in the beginner/intermediate stage. Highly recommended.

Sweet!!!! If you can play the Uke and you love Radiohead, this is a must!

This book appears to be written by a real musician, and a real Radiohead fan. I was really surprised by the quality of the music, it was much better than I expected. There's also a wide variety of different styles. Some songs have an intro or solo section with both staff and TAB notation as well as chords and strum rhythms. Check out this chord progression from Nude: G#m7(5#) -> G#m7 -> A(9), --> C#m -> A(9) (each chord given notation and fingering in the book) It would have been easy to simplify it to G#m -> A -> C#m -> A but that song uses lots of rich harmony. Other songs use

simpler chords to make a simple, pure sound or a bare sound. The songs are beautiful enough that I want to learn how to play them just because it sounds good, which can't be said for many beginner music books.

Good book for beginners learning to play the ukulele. Shows the chords easy to read instructions. Nicely done!
