## Synopsis

Great Britain remains a perennial favorite with travelers, drawing almost 3 million Americans each year, many of whom will revisit the nation. Planned my entire time in UK with this book and a road atlas. Good coverage of all tourist areas. The only complaint is that I found the regional divisions a little hard to follow when looking for a particular city, but this is not a major complaint.

Great information. I have in e-format on my kindle for our forthcoming trip.

Swell organized and excellent material.

Fodor's is always excellent!

It was a good travel guide, not great. Just seemed the areas I wanted to know about had little information.

We are planning a trip to England and we needed some more info before we made plans. This book helped, but was a little more general than I had hoped. All of the details around ordering and receiving the book were 5 stars, but the content was not what I expected.

Basic travel information that will be a great help on our trip. Thanks!

Well written. Will help a great deal with my upcoming trip.
