The Unshakable Woman: 4 Steps To Rebuilding Your Body, Mind And Life After A Life Crisis

Synopsis

A life crisis can be a divorce, disease, the death of a loved one or a devastation of some kind that can completely unravel us. It can also be a mid-life crisis where suddenly we start questioning what weâ€™ve been doing, and how weâ€™ve been living as we feel the undeniable urge calling us to live more deeply and fully. It can cause us to question everything weâ€™ve known and everything thatâ€™s been familiar as we struggle to make sense of what happened. It can also cause us to face that fork in the road as we consider next steps and a path different from the one we were on and one that can take us to find our greatest passion and purpose. How can you use this crisis as an opportunity to rebuild your body, mind and life and create something even better than before? The Unshakable Woman will show you how.
