Mozart -- Selected Intermediate To Early Advanced Piano Sonata Movements (Alfred Masterwork Edition)

Synopsis

Musicians have long treasured the Mozart sonatas for their symmetry and perfection. This volume presents single movements as well as complete sonatas (K. 282, 283, 545 and 570) for study by the advancing pianist. The sonatas provide ample opportunity for developing control, technical facility, a singing style, and balance and voicing. The preface gives Dr. Hinson's helpful suggestions on pedaling, ornamentation, articulation and dynamics, as well as a suggested order of study. Careful editing allows the teacher and student to make informed choices in interpreting these masterpieces.

Customer Reviews

An excellent copy of Mozart sonatas. Very clear print. Nicely selected contents.

I bought this book for my 12 years old son who has been playing piano for about 5 yrs. He is required to play some pieces by Mozart, who lived in the classical period, for his level 6 cm test. After purchasing the book and looking through it, he found he already played about 3 of the songs in the book. The difficulty is neutral for him, but the book has helpful information along the pieces that help you play the song correctly, as many people play classical period pieces incorrectly, such as correct trills and turns. The book is user - friendly. Overall, the book is good, but some of the pieces were too easy.
