# Landscapes: Learn To Paint Landscapes In Acrylic Step By Step (How To Draw & Paint)

## **Synopsis**

With comprehensive instruction and artist tips and tricks, Landscapes is the perfect resource for beginning acrylic artists. Landscapes teaches aspiring artists everything they need to know to get started painting beautiful landscapes in acrylic. From choosing paper and brushes to painting techniques, composition, and development, Landscapes is bursting with valuable skills and lessons to help beginning artists master this approachable medium. Talented artist Tom Shropshire guides readers through an exploration of painting classic landscapes in acrylic, covering basic painting concepts and techniques, including rendering realistic textures. Building on these basic techniques, artists can practice their craft with step-by-step projects that cover a variety of landscapes, including a waterfall, a spring storm, and a classic winter scene. With comprehensive instruction and artist tips and tricks, Landscapes is the perfect resource for beginning acrylic artists.

## **Customer Reviews**

Tom Shropshire was born and raised in Milwaukee, where he began his artistic career at the age of 13. By 15, he had an agent in Chicago, a solo exhibition of his work, and was competing and winning awards in national exhibitions. Tom has won recognition and numerous awards during his career; his paintings are represented in museums, cultural centers, and many private and corporate collections worldwide, including Northwestern Mutual, Thrivent Financial, and the Milwaukee Journal Sentinel. His paintings have been featured on the covers of national magazines and on the front page of the Milwaukee Journal Sentinel. He is also a popular painting instructor with a loyal

following of students and collectors. [www.shropshireart.com](http://www.shropshireart.com)

I bought this book and one other for my daughter who is learning to paint landscapes. I was a little leery buying the book online but am very glad that I did. The book has beautiful pictures and excellent advice/techniques throughout. It seems well written and easy to understand. The book is physically large, larger than most books of this style. That is a great thing, it gives very clear, large pictures to help you in learning to paint.

This is the most comprehensive, informative, and helpful book about painting landscapes I've ever read. While the publisher targets it towards beginning acrylic artists, I think artists of many levels would find this book a very valuable resource in improving your skills and paintings. The author's step-by-step illustrations and tips are easy to follow. Although I'm not a total 'beginner' artist, I've always struggled with landscapes (in fact, I hated doing landscapes so much, I stopped even attempting them), but trying to expand my artistic 'comfort zone', I wanted to try again. I'm now looking forward to painting some landscapes following along with Tom Shropshire's illustrations and tips. (Plus, the book is large format, high quality paper and printing, and the price is a bargain!)

This is a thin brochure that lists \*some\* painting techniques mentioned in other better books. Waste of money.

The book is excellent and was exactly what I wanted. I am a new artist and need to start in the beginning.

I use the ideas in this book to paint my own pictures in acrylic paints. Thank you for a good reference book

Fantastic!! Really enjoyed learning so many methods & ideas. Love this book, Tom Shropshire is an amazing artist.

Very nice! Thank you!

This is a great beginner book for the acrylic artist. I learned some techniques that I have used already in my paintings.
