Customer Reviews

"Comprehensive... promises everything but boredom." San Antonio Express" --This text refers to an out of print or unavailable edition of this title.

We found this book helpful for basic information and planning purposes. But take it all as gospel. We went looking for a specific store mentioned in it- there was a street name but not the exact address- and could never find it. And we asked at 3 different near by stores and no one knew what we were talking about. Understandably, some of the prices quoted, bus and ferry schedules, and discounts mentioned were incorrect. So use the book to get you started but be sure to get current information on specifics at the visitor centers when you arrive.

"These useful guides are highly recommended... " Library Journal "[Adventure Guides] direct you away from the theme parks and into the great outdoors... the information on trekking routes, canoeing, wildlife refuges - even golf courses - is well researched." The Sunday Telegraph
"...intended for the adventure-minded travelers with special affection for the outdoors and nature. Each Adventure Guide packs in outdoor-oriented activities set in different regions. There's something for nearly everyone." Midwest Book Review

"Recommended for visitors who want to research a trip ahead of time and take the book along for repeated reference. Outdoor activities in Bermuda, from coral island hideaways to touring the parishes. Also exhaustive information on hotels and restaurants. An excellent guide." The Bookwatch
