Emerging: Contemporary Readings For Writers

Synopsis

Emerging uses an inquiry-based approach and engaging readings to help students understand and write about a variety of academic texts. Based on reviewer feedback, the third edition uses its assignment sequences to pose questions about the important but unsettled issues that shape students' lives, such as "How is technology changing us?" and "How can you make a difference in the world?" Thought-provoking, contemporary readings help them address those questions in a meaningful way. At its core, Emerging focuses on the skills necessary for academic writing in any discipline, and a thoroughly revised Part One offers concrete strategies for improving those skills: reading critically, synthesizing, arguing, using evidence, and revising. Twenty vibrant new readings keep Emerging in tune with the newest ideas that will challenge students to think beyond their own experiences and beyond the classroom.

Book Information

Paperback: 608 pages

Publisher: Bedford/St. Martin's; 3 edition (November 13, 2015)

Language: English

ISBN-10: 1457697963

Customer Reviews

This was a required book for my writing class. There is nothing much I can talk about except that its boring and the articles are really long. If you need this for you class, then buy it. If not, don't buy this book.

This book was what I needed but the condition of the book was way worse then I expected. It's said good but it was fair. The cover all bent and busted

I expected this book to look like the one in the icon, but it was the complete opposite! The book was pretty much read like a Japan comic book. It was upside down and backwards compared to the cover. I was very disappointed with my order.

Item shipped ahead of schedule and was exactly as described.

Great condition! Highly recommend

More used than I expected

Exactly what I ordered, good for a class.

It is required in my writing class. I see why they choose this book...the articles include various kinds of fields, very professional
