The Good Shepherd Calls: An Urgent Message For The Last-Days Church

Synopsis

Since the turn of the millennium, in particular since September 11, 2001 when America was attacked by terrorists triggering a global-wide spiritual paradigm shift, Christianity as we have known it has experienced a major meltdown. While many are saying Christianity is on the brink of a great revival and even a "new reformation," in reality, we are witnessing the greatest apostasy in modern-day history. This latter-day deception has impacted every evangelical and Protestant denomination to one degree or another, and it is worldwide. The sheep have been led astray by shepherds who have neglected what they have been called to do—protect the sheep. The Good Shepherd Calls brings clarity to what this delusion looks like, why it is happening, where it is headed, and what can still be done to warn believers and unbelievers alike. This book is about following Jesus Christ, the Good Shepherd. The Good Shepherd Calls brings clarity to why this delusion is happening, where it is headed, and what can still be done to warn believers and unbelievers alike.

Customer Reviews

I found this book to be very worthwhile reading, with good information to alert and encourage Christians in this day of confusion and downright deception in Christian writing and teaching today. I bought several more copies of this book to give to members in my church, as there are many who are aware that these may be the times leading up to the Lord's promised return - for affirmation of their faith in the Lord Jesus and encouragement that He is the true Light and faithful Good Shepherd, worthy of our trust even in difficult times.

Just finished reading Roger Oakland's latest, and am recommending it to just about everyone I know. It's very helpful in defining the heretical teachings that are coming in to the evangelical church, and in calling out those who are deceiving so many. It's easy to be deceived if we're not on the alert...I highly recommend The Good Shepherd Calls.

Outstanding book. Very much to the point about the dangers of modernism and emerging church issues facing evangelical churches today!

I just started reading this book. So far it is all that I expected!
