How To Visit Hawaii: Frugal Tips For Visiting And Living In Paradise Focusing On The Island Of Oahu

Synopsis

Aloha from Oahu. If you have ever thought of traveling to this tropical paradise and didn't think you could afford it, then you want to read this book. If you have been to Hawaii, and wondered about returning and living here or possibly staying long term, then you want to read this book. It tells you how to be money smart in getting and staying here. It includes scripts on how to talk with real estate agents and other people who rent out rooms and vacation rentals. It tells you how to save money on food and other items. It gives you tips to be a wise traveler. The information you learn may very well be the information you need to make a Hawaiian vacation a reality. This book gives a little information about the main islands visited, but the focus is mostly on the island of Oahu, which receives the most visits. I invite you to buy the book, read it, and plan your next trip to what I believe is the most wonderful place on earth- Hawaii.

Customer Reviews

The most half-hearted 'guide' to anything I've come across. For example, the chapter on "Some of the Must Visit Places on Oahu" begins, "For ideas of things to do on the islands, search on the

internet using the words: 'Best things to do on Oahu' / 'Best things to do on the Big Island' / Best things to do on Maui' " etc. There is nothing of substance to be found between the pages of this book.

This is a very good book - highly useful and readable, with a surprisingly large number of subjects covered. Three things I particularly like:1. Many real-life examples.2. Options and alternatives to the basic recommendations are also covered, depending on personal interests and needs.3. While not exactly a page turner, the autobiographical style keeps things moving, and you find yourself wondering how he's going to deal with the next situation.Michael Watrous

This book has some great information on how to keep your budget intact. Although there was reference to other areas, it was very local to Waikiki, which he states. As a travel nurse, I need a broader perspective, but it had lots of info that would carry. I liked it.

This book reads like a 3rd grader wrote it. I can't believe I wasted a dollar on this book. I want my money and five minutes of my life back. Do yourself a favor and don't buy this book.

A great deal of practical and helpful information. The book is written in a very conversational manner and I would highly recommend it to anyone considering moving to Hawaii.

it was an ok book.
