The Invisible Landscape: Mind, Hallucinogens, And The I Ching

Synopsis

A thoroughly revised edition of the much-sought-after early work by Terence and Dennis McKenna that looks at shamanism, altered states of consciousness, and the organic unity of the King Wen sequence of the I Ching.

Terrence McKenna has spent twenty-five years exploring "the ethnopharmacology of spiritual transformation" and is a specialist in the ethnomedicine of the basin. He is coauthor, with his brother Dennis, of *The Invisible Landscape: Mind, Hallucinogens, and the I Ching*, and the author of *Food of the Gods*.

Outstanding. Would recommend/5. Would buy again to give away to friends if I had them/5.

Awesome

I find that the lives of the McKenna Brothers is fascinating. The book, *The Invisible Landscape*, is interesting but lacks flow and better explanation of their notions. For great scientific and philosophic writing, I recommend Guy Murchie's *The Seven Mysteries of Life*. Nevertheless, I enjoyed reading this book about life, patterns, and novelty. For some reason in our society it is OK to drink whiskey and go to war, but not to take psycho-active plants and alter consciousness the way you might want. Are we a free society? Bill W., co-founder of AA, got depressed and took LSD (it was legal

then) with Aldous Huxley. He said it helped him! Pythagorus had a strong belief in numbers and so do the McKenna Brothers. They may have been onto something quite valid about cycles of novel experiences, periods of resonance, and so on. As for Timewave Zero software and the year 2012 being a year to watch, I say, we will see for ourselves soon. It would be difficult to be as dramatic as the year 1945 was when World War II ended and the Atomic Age began. Then again, we are already experiencing ecological and economic disaster now. Read Kevin Phillips on the financial crisis! If you like the subject matter that the Invisible Landscape covers, then buy the book. They quote Whitehead a lot - he was a brilliant thinker. Yes, try this book out, for Gawd's Sakes.

Awesome book. Filled with ideas so magnificently surreal and rooted in scientific, physical, and metaphysical elements. It's a trip just to read it.

This book arrived on time and in good condition. This is a good, interesting book to read.:Mind, Hallucinig

Well done

Amazing book! If you have any interest in Shamanism, buy this

Great
