June 05 A flick through Storytelling with Rubber Stamps provides great inspiration for scrapbook pages! She's not just an author, she's the woman next door. Joanna Slan is a small town girl who grew up

loving to cut and paste and write stories. Today, more than six million people have read her work in the Chicken Soup for the Soul and Chocolate for a Woman's Soul book series. Now living in the big city of St. Louis, Joanna is a wife and mother who creates memorable moments every day.

Great book about rubber stamping.

If you are interested in both scrapbooking and rubber stamping, this book will greatly assist in combining the two. The techniques are clearly explained and are illustrated in full color. Just leafing through the book, I saw two techniques I'm going to try right away! Also included are "Story Starters" to help get ideas for journaling and lots of tips. One thing I really liked was the examples of borders with goofs; that really helps put the reader at ease with their own work! This book will be extremely helpful to the beginner and to the more advanced scrapbooker/stamper looking for new ideas. I highly recommend this one!
