Stylists: New Fashion Visionaries

Synopsis

Stylists are some of the most influential people working within the fashion industry, responsible for the final shape of many exciting works in popular culture. Still unsung heroes, they are now becoming increasingly more well known in their own right, alongside the photographers, art directors, and magazine editors of the industry. Featuring stunning imagery and entertaining interviews with some of the biggest names in the field, including Lady Gaga's stylist Nicola Formichetti, Marc Jacobs' collaborator Katie Grand, and Melanie Ward of Harper's Bazaar, this is an essential book for any aspiring stylist or fashion student.

Je recommande cette livre Ã tout le jeune designer c'est trÃ`s inspirant.une livre plain des histoire des visionnaires dans le monde de la mode, je suis persuadÃ© que il vous intÃ©ressera autant...

I was disappointed. This is a compilation of interviews of famous stylists. Not practical and fun like I imagined it to be. There are nudie pics and not a lot of pics of stylized anything. Yeah, I can't give this to my daughter for Christmas as planned because it's kinda creepy from a mom, and she has a BFA and paints nudes.

This is a very incomplete compilation of stylist icons such as Karl Lagerfeld is not included and also pioneer and iconic stylist Freddie Leiba is not included in this book even though he was credited by Anna Wintour herself as one of the first 5 great stylists ever.
