The Care Of Fine Books

Synopsis

The Care of Fine Books is a thorough, readable guide to caring for books of value. From a discussion of the various techniques and materials used in bookbinding to advice on handling and storage, Jane Greenfield has created a succinct yet complete resource for anyone who wants to preserve and protect their fine books. Whether you are a collector, a librarian, or a conservation professional, you will benefit from this expert advice. Learn about appropriate levels of light, temperature, relative humidity, and pollution; how to secure a collection against fire, insect infestation, flood, and theft; and methods for cleaning and repairing books that have already been damaged. Always practical and amply illustrated, this is a must-have reference for anyone who loves fine books.

Customer Reviews

Here is a concise, eminently readable handbook on how to care for any book of value. For collectors, librarians, and curators it represents an elegant summation of their responsibilities and techniques. Included in The Care of Fine Books is a brief history of book-construction methods and a discussion of the nature of fine books and their component materials, thorough advice on the storage and handling of books, securing a collection against fire, flood, theft, or other mishap, and elementary cleaning and repair. An Appendix lists sources of materials and supplies. The text is graced with over 200 line illustrations by the author. (7 X 9 1/4, 160 pages, illustrations, diagrams)

--This text refers to an out of print or unavailable edition of this title.

Nick Lyons is the editor of Hemingway on Fishing, The Best Fishing Stories Ever Told, The Quotable Fisherman, and The Little Red Book of Dad's Wisdom. He has written over twenty books, mainly on fishing, in addition to hundreds of articles on the subject, which have appeared in such magazines as Harper's, Outside, Field Stream, Outdoor Life, and Fly Fisherman. He splits his time between New York City and Woodstock, New York. Jane Greenfield has been a member of the Guild of Book Workers since 1981. In 1991 she was designated an Honorary Member in recognition of her significant contributions to the book arts in America. Nicholas A. Basbanes is the author of the bestselling book on book collecting, A Gentle Madness: Bibliophiles, Bibliomanes, and the Eternal Passion for Books.

Quick - what should you do if you find signs of insects in a valuable old book? Greenfield's 'The care of fine books' answers this and similar book care questions. Her answers are based on years of experience and delivered in easy to understand, non-technical language. As a librarian, I find myself reaching for 'The Care of Fine Books' several times a week. I think this book would also appeal to book collectors or to anyone who cares for cherished books. BTW, Greenfield's non-toxic and non-destructive recommendation is to freeze books with bugs. It works!

I like it. But a picture is worth a thousand words, and this one had tiny black and white sketches. It's pretty good, but still less useful than searching on youtube.

A fine book which is of help to me and I was happy with my purchase. The topic caught my eye and the price was reasonable. The author is very knowledgeable on the subject.

Information that one wants to know about books as material objects is presented here. This book although not very thick in comparison definitely is very thorough. For private collectors this book is a must have. How/where to store books, preservation. Great write up on dealing with books on water damage and various hazards such as pests etc. Also contains information on structure of a book. Metal vs. Wooden shelves are also an excellent writeup. Great reference, highly recommended.

The book is excellent and beautifully presented. I had expected a bit more on how to repair books yourself.

One of dozens of "books about books" in my collection, many of which have overlapping subject matter, Jane Greenfield's book includes tips and techniques, succinctly described, that one cannot easily find elsewhere.

Beautiful book! Arrived on time and was well described. Thank you

real good
