Customer Reviews

I have been waiting for this volume to come out for a year now and it did not disappoint! I loved how prime members got the chance to receive the book the day it was released. If you have been following the comics this volume is has a great plot twist.

Love the walking dead series. Just as good as the show. Both have strong story lines and the show mirrors the comic book every once in a while which is cool. These prices are better than at a local comic store.

Robert Kirkman, no doubt, enjoys giving surprises and shocking you. I've seen that, for the most part, people either hate or love The Walking Dead, there's hardly any middle ground, and I'm afraid I'm no exception. I absolutely love this comic because of how it portrays human nature in seriously desperate scenarios, plus there's zombies, gotta love 'em zombies, but mostly The Walking Dead is a tale about humanity, a story of people relating to and confronting each other in the search for survival. If you stop and think about it, it's just an exaggerated reflection of how real life works, isn't it?

I love being able to get 6 issues in one volume! Finished this one and immediately went and ordered the next one. Just like the show.. The Walking Dead will leave you wanting more!

Typical Kirkman, well done and with some twists and turns that were not expected.

poor rick, always getting beat up.

I have all the other volumes of this series and if you have been collecting them I highly recommend this volume as well. The stories are intense and keep you coming back for more.

These books just keep me on my toes, and I can't put it down until I am finished. But then I can't wait for the next one to come out!!
