Living In Provence

Synopsis

Provence is a way of life. Its gardens are visions of paradise rediscovered, its houses--whether looking out over sea, forest, the countryside, a shady terrace, or a patio full of flowers--reflect a secret harmony between interior and exterior. Today's architects and interior decorators have in no way renounced Provençal tradition, but rather have drawn tried and tested knowledge from it. They play on the purification of lines, the fluidity of spaces, the rhythm of volumes and the refinement of details. A house in Provence can mean a cardinal's palace, the showcase for a contemporary art collection, or a simple cabin screened by trees. What is important is the spirit of these places, which reflects the gentle way of life that is the specialty of the Midi. This book features sections on gardens, interiors (including contemporary houses, village houses, farmhouses, log cabins and lodges, and historical buildings), and useful information on restaurants, hotels and guesthouses, and best sources for authentic decorating in the Provence style.

Book Information

Series: Living In . . .

Hardcover: 220 pages

Publisher: Flammarion (May 2, 2003)

Language: English

Customer Reviews

Dane McDowell is a journalist and academic. She is assistant editor of the magazine *Révoltes-Décor*, and has also contributed to *Connaissance des Arts* and *Figaro Magazine*. Christian Sarramon (photographer) spent long months traveling the length and breadth of Provence to create this book. He works for leading interior design magazines and has published numerous books, including the *Book of Roses* and *Provence Style*.

Beautiful

Of course I like it since I am the author!!!!

Lovely.

I bought this book because I have a friend who lives in Provence and I wanted a flavor of the area before I go over. This book is wonderful. The photographs are beautiful. I can't wait to go.
