Am I Small? Watashi, Chisai?: Children's Picture Book English-Japanese (Bilingual Edition)

Synopsis

Bilingual Edition English-Japanese “Am I small?” - Tamia is not sure and keeps asking various animals that she meets on her journey. Eventually she finds the surprising answer... Reviews "immensely enjoyable" "ForeWord Clarion Reviews "for children who enjoy lingering over pages full of magical creatures and whimsical details [...] told in simple and engaging words and imaginative pictures." "Kirkus Reviews "a fantastic book that has enchanted me" "Customer Review "We are in love with this book! [...] As an artist, I love love LOVE the art in this book, I think its not only beautiful, but perfect for children. My son spent a lot of time just studying every colorful page. We read it twice in the first sitting because he was so happy! He's not yet 1, so getting him to sit still for story time is tough, and this book was such a hit he sat through it with nothing but a big smile and lots of pointing to the stuff he liked on the pages. I highly recommend this book :) Get it get it get it!"" "Customer Review "Written in a very simple way but with a profound message for both adults and kids." "Customer Review "I LOVED it. Lots of repetition to help 'lil ones get used to structure and words! Many different words being used to help them improve their vocabulary (or pick the best word!). Most importantly, it sends a good message about how being unique and different is good. I STRONGLY suggest you check this book out!" "ESLCarissa.blogspot.com "readers will emerge from this book feeling slightly more confident about themselves" "whatever their size." Am I small? is the world's first World Children's Book - available for every country on earth in at least one official language.

This book is adorable in every way. The art is gorgeous and imaginative, and oh, so colorful. The story, too, is wonderfully written. For those of us who are very early into learning Japanese, the romanji was a wonderful addition, though when trying to read with the Japanese characters alone, it can be a little distracting. I must read this book several times a day to my daughters, and I love it so much I tend to read it on my own for Japanese practice. Anyone interested in learning Japanese, or reading in Japanese, or bilingual books in general should check out this book.

First read, study, write, memorize, write, study, memorize...I'm working on it. This book makes it simple to learn Japanese, thing is you have to read, study, write, memorize, study, write...If not for those things I'd learn so much from these books, but I have to make time to read, study...you get the idea. These books are very helpful learning basic Japanese. So I spent two hours...need more time.

What better way to introduce the languages of Japanese to English...or English to Japanese? Illustrations are simply delightful! I have purchased every language printed of these books and my grandchildren are expanding their language base.....and I am delighting in learning with them. What a grand concept!

Good book I like it very much and it helps me with Japanese a lot of you wanna read hiragana but that

Really sweet little picture book.

This is a lovely book! I was thrilled to see how many different language versions that have been published. I plan on purchasing a few more versions.

Very cute book about perspective. The book has Japanese with English translation. I like how it does not have romanji, but I wish that the kanji had the smaller hiragana/ katakana on top. My daughter loves it!

The repetition was really helpful. It's a nice, short story and it comes with all the help you could want to help you get through a new language
