Writing & The Prophetic (Foundations Of The Scribal Anointing Book 1)

Synopsis

The 21st Century should be supernaturally earmarked as the era of the prophetic writer within the charismatic faith. Holy Spirit is causing the sons of God to be extremely sensitive to His voice, and leading them to publish His word in numerous precise and demonstrative forms. This book, *Writing & the Prophetic*, scripturally defines prophetic writing, deciphers the myths surrounding it and provides distinctive guidelines to help followers of Christ answer this specific question, "Am I a prophetic writer?" In addition, extreme clarity is provided concerning the difference between prophetic writing and its demonic counterfeit, automatic writing.

Customer Reviews

This year there has been a heightened awareness of the ministry of the scribe and prophetic writer, as well as other art forms. *Writing & the Prophetic: Foundations of the Scribal Anointing* is an excellent resource and offers the reader greater clarity concerning these gifts given by God. Her description of the different methods, motivations and inspirations for writing was enlightening for me. Whether

you have been writing for a while or just beginning, this book is one to have in your library. I also purchased other books written by Apostle Theresa Johnson and visited her website after reading Writing & the Prophetic. Whether you have been writing for a while or just beginning, this book is one to have in your library. I look forward to reading more books by the author in the future. Thank you Apostle Theresa Harvard Johnson!

This booklet is one to savor. I have read it and reread it and will continue to reread it until I am able to absorb its fullness. I found myself so excited to expose my spirit to an incredible wealth of inspirational revelatory teaching and clarification that is backed by scripture giving me the security and confidence that only the truth can bring. I love the author's heart to glorify God and her time in the secret place of intimacy with Him is evident. There can be no building without a foundation to begin with in the call of God to be His prophetic scribe. Her emphasis on having a pure Christ centered life and the subsequent dangers of failing to do so is a sobering reality that causes me to tremble. I can only find myself hungering for more. Apostle Theresa you are an amazing woman of God and I thank Him for you, your books, your ministry, and your websites where my spirit can feast upon. Thank you for pouring yourself out so that we might be the recipients of this invaluable out pouring.

I just finished my second book! I'm confident I'm in the will of God because the warfare is increasing! Thanks to the Author for releasing truth and divine insight for those called to write that is shedding a great light on my purpose and destiny! God bless!

I consider this book to be a first of its kind. It speaks to those who know they have been called to write for the Lord. It is a specialized tool that every prophetic writer needs in their arsenal.

This is one of the greatest book in s series for many that struggle with the true definition and call of the scribe. The author had a genuine love for not only those that are flourishing in this gifts but the newcomer as well... thank you Apostle Johnson for the oil and your labor of love
