The Black Hills Yesterday And Today

Synopsis

Take a journey across time in the fabled Black Hills of South Dakota and Wyoming.

Author/photographer Paul Horsted logged thousands of miles to seek out and "rephotograph" the original sites of more than 160 images made here between 1874 and 1935. In this book you will find rare and fascinating photographs of early expeditions, the gold rush, growing towns, tourist meccas and the unique beauty of the Black Hills. The historic images are matched with carefully composed views from today to create a near-mystical connection between past and present. The book includes "then and now" photos of towns such as Custer, Deadwood, Rapid City, Spearfish, Sundance and more. Places such as Mt. Rushmore, Devil's Tower, Custer State Park, Harney Peak and other landmarks are also shown. Seldom-published images of military expeditions and early explorers are also included in this remarkable oversized book.

Book Information

Hardcover: 304 pages

Publisher: Golden Valley Press (October 31, 2006)

Language: English

ISBN-10: 0971805334

ISBN-13: 978-0971805330

Package Dimensions: 11.9 x 10.8 x 0.9 inches

Shipping Weight: 5 pounds

Average Customer Review: 5.0 out of 5 stars 20 customer reviews

and other landmarks are also shown. Seldom-published images of military expeditions and early explorers are also included in this remarkable oversized book.

I purchased this as gift and was very happy it was not shrink wrapped upon delivery. We enjoyed reading it and looking at all the photos before being wrapped. As someone who enjoys history and the Black Hills, this is a very great book.

Thanks, Paul, for a wonderful book! It was a gift for my son-in-law who spotted it at the surgery center in Rapid. He loves the history!!

Wonderful book. Well worth every penny. The book is very informational. I am looking forward to giving to my parents for Christmas. It will definitely be their favorite gift. Extremely fast service. I ordered the book on Sunday, received it on Tuesday! Hope you enjoy it as much as my family will. Thanks Paul. I look forward to ordering more of your books.

Beautiful photos old and new. My husband's family is Native and considers the Hills sacred. This was the perfect gift for him.

This book is amazing! If you love the Black Hills and its history, you will love this book. Makes a great gift too!

Paul was absolutely great to work with! Extremely accommodating and friendly. He's a true talented photographer, researcher and author. Great experience purchasing and owning this book. Thanks!

I wish I had bought years ago. It is well worth the cover price. The only downside to reading this book is it makes you want to travel and find all the locations. I currently live in Minnesota and was ready to pack up and head west. The pictures are amazing and the research involved is mind blowing. I have read it twice since I bought it. Love it, love it, love it...

Great book
