Customer Reviews

There are few wordsmiths more eloquent than Brian Jackman, and none more so when writing about Africa. Having been to many of the places he writes about in this book, I now find myself with a deep, abiding longing to return to the place that has stolen my heart... the continent of Africa!

I just recently went on a safari trip to Tanzania... This book makes me feel really nostalgic... It takes me back as if I was reliving everything. I definitely recommend it to anyone interested in learning about an African Safari.
