How To Form A Nonprofit Corporation (book W/ CD-Rom)

Synopsis

Create a nonprofit in your state without a lawyer! The process of becoming a tax-exempt organization may appear intimidating, but with *How to Form a Nonprofit Corporation*, you can do it quickly, easily and with confidence. This bestselling book includes complete instructions for obtaining federal 501(c)(3) tax exemption and for qualifying for public charity status with the IRS. It will help you complete an IRS tax-exemption application, prepare articles of incorporation, write the bylaws of your nonprofit, fill in minutes of the organizational meeting and understand your state's specific nonprofit requirements. The 8th edition is completely updated to provide the latest federal and state rules. It also provides the latest forms you need, as tear-outs and on CD-ROM. What are you waiting for? Incorporate your nonprofit and pursue your worthy cause!

Customer Reviews

"A useful resource to help you get underway is *How to Form a Nonprofit Corporation...*" -- Paul & Sarah Edwards, *Entrepreneur Magazine* "Could save a fledgling nonprofit corporation thousands of dollars in legal fees." -- *Providence Journal Bulletin* "Educate yourself on nonprofit management. An excellent book to get you started is Anthony Mancuso's *How to Form a Nonprofit Corporation*." -- *Miami Herald* "Scads of tax and legal considerations, with forms and state rules." -- *BusinessWeek* "This clearly written book contains step-by-step instructions on how to form a non-profit corporation in any state." -- *Kiplinger's Personal Finance Magazine*

Anthony Mancuso is a corporations and limited liability company expert. He graduated from

Hastings College of Law in San Francisco, is a member of the California State Bar, writes books and software in the fields of corporate and LLC law, and studies advanced business taxation at Golden Gate University in San Francisco. He has also been a consultant for Silicon Valley EDA (Electronic Design Automation) companies, most recently working on a C++ open-source integrated circuit database project team. He is the author of several Nolo books on forming and operating corporations (both profit and nonprofit) and limited liability companies. His titles include Incorporate Your Business, How to Form a Nonprofit Corporation (national and California editions), Form Your Own Limited Liability Company, The Corporate Records Handbook, and LLC or Corporation?. He wrote and programmed Nolo's LLC Maker and Incorporator Pro software programs, which generate state-by-state articles and other forms for organizing corporations and LLCs. His books and software have shown over a quarter of a million businesses and organizations how to form a corporation or LLC. He also is a licensed helicopter pilot and has performed for years as a guitarist in many musical idioms.

I have used Anthony Mancuso's How to Form a Nonprofit Corporation many times in its various editions over the past 25 years or so. Among many choices available, it is the go-to resource before you look at others or seek more specialized assistance. It is relatively inexpensive, especially relative to hugely expensive guides from the major law book publishers. I have found that the author's advice is accurate, current and especially helpful in terms of compliance with the complicated steps necessary to complete and assemble the Form 1023. I have filed many Form 1023 applications over the past 40 years and using Mancuso's book in conjunction with the IRS forms and instructions is always helpful in ensuring that you don't forget something really important.

In general, Nolo press writes the best Pro-per books available for the layman. I've been using them for over thirty years, still do, and have a complete library of their publications. They've never let me down as to quality, completeness, and accuracy.

I have just started; but, this is an excellent read. Will update when I finish!!!

I have been looking into this book for years, and just never bought it. I finally went out on a limb and I am glad I did! So resourceful and perfect for a new business!

Excellent step-by-step guidance for form need and completion. Bonus is website info to link to to

sample forms.

very informative. step-by-step guide.

Anthony Mancuso has packed a lot of legal expertise in a easy to understand book. Here's some strengths of the book:* Checklist very handy to accomplish all the tasks in the correct order* The author asks common questions and then answers them clearly* Advice on what to do and what to avoid* It's like having a lawyer in a bookWeaknesses:* Bylaws a bit overly long for small, new nonprofits* Not enough emphasis on the need for accounting help to file annual IRS Form 990. Lawyers usually walk out of the picture after 501c3 status is achieved, leaving the accountants to help with annual filings.I'm a CPA and took business law classes in college, but this book was essential when I started working in the nonprofit sector.Carol Topp, CPA

It is a great help. I am told by an authority that it is written by one of the best.
