Martin Luther King, Jr., Malcolm X, And The Civil Rights Struggle Of The 1950s And 1960s: A Brief History With Documents (Bedford Series In History & Culture)

Synopsis

The civil rights movement's most prominent leaders, Martin Luther King, Jr. (1929–1968) and Malcolm X (1925–1965), represent two wings of the revolt against racism: nonviolent resistance and revolution "by any means necessary." This volume presents the two leaders' relationship to the civil rights movement beyond a simplified dualism. A rich selection of speeches, essays, and excerpts from Malcolm X's autobiography and King's sermons shows the breadth and range of each man's philosophy, demonstrating their differences, similarities, and evolution over time. Organized into six topical groups, the documents allow students to compare the leaders' views on subjects including integration, the American dream, means of struggle, and opposing racial philosophies. An interpretive introductory essay, chronology, selected bibliography, document headnotes, and questions for consideration provide further pedagogical support.

Book Information

Series: Bedford Series in History & Culture

Paperback: 207 pages

Publisher: Bedford/St. Martin's; 1st Edition edition (February 20, 2004)

Language: English

Customer Reviews

"The Bedford Series in History and Culture "not only introduces students to some of the most vital primary documents in American history, but the thoughtful introductions provide the most recent, provocative, and accessible interpretations of their subjects."

DAVID HOWARD-PITNEY has taught American history and American studies at San Jose State University and the University of Wisconsin-River Falls. He is now professor and history department chair of De Anza College. He worked at the Martin Luther King, Jr. Papers Project at Stanford

University in 1986 and from 2000 to 2002 was a commissioned scholar for the Public Influences of African American Churches Project of the Leadership Center at Morehouse College. A specialist on American civil religion and African-American leaders' thought and rhetoric, Howard-Pitney's publications include *The African-American Jeremiad: Appeals for Justice in America*.

The author's organization of the information he had was solid. Having to read this book as an over-worked college student, it was difficult to get through. I found the reversal of attitudes and roles between the two men intriguing. If you're a big civil rights buff or want to know more about these two figure heads, this is the book. If you're looking for something to assign to your honors level students... well, not so much :) (we read this book after Anne Moody's *Coming of Age in Mississippi*, the contrast is what ruined it for me I think.)

This book includes very interesting information and explain in depth point of view of the two different civil right leaders and explain how they were both essential character for success, this book also shows the importance of religion and churches during the civil right movement and some great speeches from Martin Luther King and Malcolm X. This book is very accessible and goes directly to the essential informations. I loved it !

This book really gave me a good understanding of the core differences between X and King, I did not know 97% of what I read prior, and it was delivered in a way that made it an easy and highly enjoyable read! I see now how different they were and yet like velvet on a steel fist one served the other well. spoiler alert:... sad endings.

Excellent enlightenment as to what took place during this historical time.

The book gives an in-depth look at the differences in MLK's and Malcolm X's philosophy in their earlier years, but also focuses on the convergence of their ideas in their latter years up until the point of their murders.

Great entry into two important American thinkers and a tumultuous part of American history. Also, a great resource for undergraduate-level research.

These were powerful men and IF they had joined forces our country would have benefited a great

deal. They had supportive wives as well!

it was in great condition when I received it. Altogether a great book with great speeches and interviews included from MLK and MX.
