Jacob Neusner is Distinguished Service Professor of the History and Theology of Judaism and Bard Center Fellow at the Bard College Institute of Advanced Theology in Annondale-on-Hudson, New York. He is the author of several books, including *Judaism When Christianity Began*, *The Emergence of Judaism*, and the popular textbook *World Religions in America*, all of which are available from WJK.

I bought this for a college class and it was very insightful on the subject matter. I would recommend reading this if you want to know more about religion in general as well as religions from other parts of the world.

I didn't think I was going to enjoy reading this text, but I am, enjoying it thoroughly. Great read!

World Religions in America is informative and easy to read. Many of the authors refer to their own real life experiences, and put these experiences into perspective for the reader, using laymans terms. I purchased this book for a class, but I would recommend this book for anyone looking for a quick reference about today's religions in America.

Good read, easy to find information. Arrived on time and in great condition. I would recommend this to anyone taking a religion class, or to anyone who is interested in understanding America's melting pot of cultures and religions.

Really boring collection of articles I had to get for a class I dropped. Would not read.

The book hits all the major religious movements in American history. It is well organized and not full of political indoctrination like many texts such as this today. Material is presented fairly and at times plainly, but vividly.

Great condition

Daughter likes.
