Customer Reviews

Wallpaper* City Guides are compiled by the magazine's travel experts, both by in-house editors, and correspondents who actually live in the highlighted cities, providing up-to-the-minute information.

The size and form factor are great, but I can't imagine this being useful to anyone walking around Buenos Aires who wants to see something more than glossy photos of nice buildings/hotel rooms/stores that appear as if they've been taken out of a fancy travel magazine. In short, far more real estate in this book devoted to pictures. And while one can appreciate that Wallpaper guides have a different focus for a different kind of tourist, the write-ups lacked any real insights. They seemed as if they were the captions from a sponsored section of a travel magazine. Overall, this was useless.
