renting books, great price, quick delivery

Bought this item for night school and haven't regretted it. It is a good book and is serving me well for my purposes

great book for college

To be honest, I don't remember a lot of this book as it was for a class two years ago and I have been offline for a while (dead computer). Nothing I can say, positive or negative, about this book. Sorry.

I purchased this book expecting the features of e-books to be present. Instead, it works more like a PDF file on the Kindle Fire. Would not recommend the digital version.

The book arrived on time. It was a duplicate order and I had to return it. Their return service was excellent

Very fast shipping and happy with product, over all satisfied totally A+ A+ A+ A+ A+ A+ A+ A+ A+
