Adventure Guide To Utah

Synopsis

There may be more deer, antelope, bighorn sheep, lizards and rattlesnakes than human residents in this epic sandstone wonderland. Arches, Canyonlands, Capitol Reef, Bryce Canyon and Zion National Parks are but a few of the fascinating places that have been officially designated in this state, and many more miles of unnamed desert, forest, canyons and rivers fill the land. Red sandstone buttes, blue mesas, purple rock pinnacles, and narrow spires create what has been dubbed "Color Country." Lofty mountains with lakes, forested slopes, and desert plateaus provide ample opportunity for the intrepid traveler.

Customer Reviews

This book is too sketchy to be of any use. Maps are few in number and are not informative. I spotted a number of factual errors. The furry critter on the cover is the ONLY photo in the book! There are much better outdoor guides out there. Skip this one.
