# From Lute To Uke: Early Music For Ukulele (Book/CD Package) (A Jumpin Jim's Ukulele Songbook)

## Synopsis

(Fretted). From Lute to Uke: Early Music for Ukulele is a collection of 24 pieces of early lute music brilliantly arranged for the ukulele by classical guitarist and uke player, Tony Mizen. All arrangements are for GCEA-tuning and include ukulele tablature as well as music notation. A CD is included with delightful performances of all the arrangements by Mr. Mizen, which is enjoyable listening all by itself. Also featured is a brief history of the lute and each of the individual pieces. A Jumpin' Jim's Ukulele Songbook.

## Customer Reviews

I've concentrated on one piece, sightread 3 or 4 pieces; they're well arranged with lots of tablature helps, suggesting which strings played where. It gives me the sort of dynamic relax I had in music school. For example, who heard these originally...King Arthur, Robin Hood?

Not qquite up to play the songs yet but great selection.

This outstanding collection of Renaissance pieces for lute are perfectly suited to the uke. The collection is an absolute must for lovers of Renaissance music. The pieces sound totally authentic on the uke and are totally delightful. The CD of the music is one of my all time favorite recordings.

It's hard to believe what you're listening to is a ukulele----Tony Mizen makes the Uke sound just like a lute!!! Love his work!

This is one fantastic book! Even if you are just beginning to play fingerstyle, there are songs for you. Great selection. The shipping, however, took forever. The package finally arrived three weeks after promised.

the book is awesome but the cd i got does not play! tried in the lap top- home computer - portable cd player - car cd player and the home stereo cd player. totally bummed , will have to send back and hope a replacement works.

This will definitely challenge you, but in a very good way! It will make you slowly develop and improve your skills and make you think (if you are so inclined) as well. The enclosed CD is extremely pretty and will give you a new appreciation for what the ukulele can do and does do in a master's hands and it can help you fudge your way into sounding like a master player. Finally, this a great price in comparison to other places that this product is available. If you like your Uke then you deserve this book!

A very different sound for the uke, and quite enjoyable. I agree with the other reviewer that the CD can be listened to for pleasure as well as to teach. I started playing the ukulele about 6 weeks ago, and between this and a book about fingering styles, I feel like I have the next few months of learning cut out for me.
