Hawaiian Lei Making

Synopsis

IN HAWAI'I, SPECIAL occasions are accented by the giving and wearing of leis. Luckily, every occasion is special in Hawai'i and the Hawaiian lei has become a symbol of friendship, love, best wishes, welcome and farewell. The Hawaiian Lei Making Step-By-Step Guide takes you behind the scenes to see how leis are made. From where to find a particular flower, to how best to store the finished lei, here is a complete photographic instruction guide and reference tool covering forty different lei making flowers, vines, fruits, leaves and cones. Beginners will discover a comprehensive background including the origin of the lei, lei customs, the leis of each of the Hawaiian islands, six different lei making methods, as well as easy-to-follow step-by-step instructions. More experienced artisans will find a practical store of technical knowledge and various techniques.

Customer Reviews

I live in the Keys in Florida and have access to many tropical and sub-tropical flowers. I bought this book to make leis for special occasions and found it easy to follow. I've made 3 different leis. One with bougainvillea with bright colors that turned out fabulous and dried to last for months. One with Stephanotis that was stunning and another one with Umbrella Tree fruits. People are impressed with the results and it actually is very easy. The bougainvillea lei took 2 hours to make and it was presented to the newly installed President of the local Garden Club. The book opened up many possibilities to be creative. I'm very happy I bought it when I was in Hawaii, and would recommend it highly.

Book gives some wonderful tutorials on how to make beautiful Hawaiian leis. I bought the book used, but looked almost brand new when I received it.

The book is really helpful! The picture sequences are of great help. I wish there was a chapter about how to end your lei, but that's missing from this book. However this was a great purchase.

You need to have access to many of the exotic flowers in book.

Good pictures of "how to". Ideas were beyond expectation. It opens up your creative eye for different ways and mediums for leis.

Great book for the price!

I wanted this book and it is beautiful!

great book; great price.
