This book is very good musical writing. The lines for different voices are written on separate lines which saves the trouble of trying to read your part. I am not a fan of this musical's plot but the music is as enchanting as the original music of *Phantom of the Opera*. For those who know the musical it includes the piano score of *The Coney Island Waltz*, *Heaven By the Sea*, *Only for Him/ You, Till I Hear you Sing*, *Look With your Heart*, *Beneath a Moonless Sky*, *Once Upon Another Time*, *Dear Old Friend*, *The Beauty Underneath*, *Why does she love me*, *Devil Take the Hindmost*, *Bathing Beauty* and *Love Never Dies*. One word of warning for fans of the new plot and score changes in the DVD. This is the original music before certain lyrics and notes were changed.

The musical scores are easy to read, and not hard to play on the electronic keyboard because the chords are marked for each note as changes occur. Great pictures from the performance.

A very accurate songbook from the stage production of Love Never Dies. The accompaniment often follows the vocal lines which makes it easy for singers not as comfortable with the lines, but has enough extra stuff that a good accompanist can avoid playing along with the melody without too much trouble. Definitely worth getting if you love the music from the show and want to be able to sing any of the major songs from it.

I love Love Never Dies. Since I have the Phantom of the Opera piano book, I figured the music would be harder to play. The hardest thing about the book is the key signatures. Most have four or five sharps or four or five flats. It's fun to play, but as someone who has been taking private lessons for years, I find it to be a little too easy. Don't recommend to beginners, this is about an intermediate level.

...in this sequel to Andrew Lloyd Webber's "The Phantom of the Opera." Simply yet beautifully arranged, all of the LND music is compiled in this volume. The book also contains over half a dozen full-page color photos from the Australian production which starred Ben Lewis as the Phantom. A beautiful book to add to your POTO collection even if you don't play, but a true treasure for those who do. I'm enjoying it, to be sure!

I have watched LND 7 or 8 times now. I LOVE IT. The music is classic Andrew Lloyd Webber (read: AWESOME) and I find myself waking in the middle of the night with the tunes in my head. This is a bittersweet story but delightful in every way. Sure wish the show would come to the U.S. but in the meantime, I'll just continue to watch the Australian production on DVD.

Great song selections and composition!!

This is the sheetmusic for one of the greatest plays I have ever seen. I'm so glad I was able to find it, for I want to make the music of ALW myself!
