Customer Reviews

I love this audio!! Keeps you very entertained and can't wait to listen again and again!

Good product and price. Enjoyed it.

Ordered for my wife and she enjoyed it.

A couple of friend had told me about Ann Rule. I gave this book a try, in order to have a sampling of her work. Now I'm hooked! I'll definitely be reading more of her work! The nature of the genre requires a PG-13 rating, IMHO. There is some bad language, but it's not overpowering. And she handles the violence as tactfully as possible. The real story, anyway, is more in the "why's" than the "how's".

This was a Christmas gift for a friend. I had read this book several years ago, and was talking about it to my friend. She expressed the desire to read it, but I had not kept my copy. She was very excited to get this.

Ann Rule is the best true crime author , she has such respect for the victims and writes the facts , but in a way that is touching , Ann Rule , you rock.

This is my second Ann Rule book that I read on true crime stories. This book has 1 major story and more shorter ones afterwards. I found this to be an excellent read and the author covers information that I hold in question on reading the story. What I have noticed so far is each killer has his own issues. Killings are killings but the reasons and thinking behind them is dumbstrucking. (if that is a word)

Great Book. Ann Rule is my favorite writer. The library doesn't carry very many of her books anymore, so I decided to buy them because I can reread them many times and find something new each time. The price was good and the product arrived well-packaged and on time. I recommend the seller.
