Customer Reviews

I love to use Lonely Planet travel related books since 1986. They have never let me down.

Terrible map--really dishonest description. "Waterproof" makes it sound like it's laminated, but this is just a flimsy paper map that's all but useless when you're trying to read it while touring on the streets. Can't stand up to even the slightest outdoor breeze. To add insult to injury, the colors are washed out making for very poor contrast.
