Customer Reviews

I disagree with some other reviews. I did not think descriptions were too long. To the contrary, informative & set the stage for the story. Great read!

Good story and writing - some parts of the story left unresolved

Tom Morrissey is one of the best literary writers in Christian Fiction, and this book shows that.

Two long time friends (one now old, one middle aged) wrestling with their own demons. Hiking into the backcountry where beauty and peacefulness heals.

Well written. Lots of specific details about fishing and camping. Good story!

Pretty well written, interesting relationship dynamics, adult themes, dangling plot lines

Good read

I am a Tom Morrissey fan, and look forward to reading his books, but I must admit, this was not one of my favorites. The story line was ok, but slow at times. I have read several of Tom's books, and most of them have been big hits, but this is not one of them. Sorry.
