Customer Reviews

For sixty-five years, Seventeen magazine has been an iconic fashion and beauty publication representing confident, self-assured young women. It continues to lead trends now more than ever under the helm of Ann Shoket, who was named Editor-in-Chief of the magazine in January 2007.

This kit includes a full color book and a ton of tools, stick ons, etc to get you started on your brand new hobby! This is a great little kit especially for beginners since it has stuff to get you started on nail art right away. If your nail art skill level is intermediate to advanced I'd say you probably know the nail art tools and tricks fairly well. However, this box has so many stick ons, studs, etc I can tell

you the approx 10-12bucks will pay for itself in tools alone. So if you're looking to learn nail art or just want to add some cool stickons and stuff to your already made collection, this kit is for you.

Just getting a book does not mean you will be able to do it. Had to learn this the hard way. I would love to be able to do these nail arts but it is not for me. Great for some one who is serious and want to practice.

My niece loved these.

Good for starters. If you're looking for a gift for preteens, this is a great beginner kit and book. This made a great Christmas present for my 12 year old niece

Granddaughter loves to do her nails. This gives her plenty of advice on how to care for and decorate nails. She really liked this kit.

it was ok , but it was all that i thought it was going to be for the price i paid for it, it was just ok.

i love the product, it is very well balanced, has lot of weight to it, and it is very sharp. it cuts through bread so easily and makes perfect slices. quality. I'll be buying again. as a gift to Tommy, will purchase again. it is very fast delivery. tell a lot of the product .
