Tokyo Ghoul, Vol. 6

Synopsis

Ghouls live among us, the same as normal people in every way—except their craving for human flesh. Ken Kaneki is an ordinary college student until a violent encounter turns him into the first half-human half-ghoul hybrid. Trapped between two worlds, he must survive Ghoul turf wars, learn more about Ghoul society and master his new powers. Things heat up in the Ward Eleven as the CCG investigates the high rate of Investigator deaths. Kaneki has an explosive run-in with Aogiri Tree, the Ghoul Gang, run by a Ghoul known only as the Sekigan King.

Customer Reviews

Sui Ishida was born in Fukuoka, Japan. He is the author of Tokyo Ghoul and several Tokyo Ghoul one-shots, including one that won him second place in the Weekly Young Jump 113th Grand Prix award in 2010. Tokyo Ghoul began serialization in Weekly Young Jump in 2011 and was adapted into an anime series in 2014.

Oh my goodness!! So much action packed into one volume! So with anything in life trying to uncover the mysteries and truth about things, can lead into some dire consequences. Kaneki wants to know about the night Rize died in an "accident" since we now know it wasn't a mere oops with construction workers. I mean Rize was a binge eater and so that kind of puts her on the bye bye list, but still. Juzo, hehe, is a new inspector whom got a glimpse of in Vol 5, but nothing really deep into him. Juzo's a little odd, but I mean that just makes reading his character fun. Though I will say the

way he "threads" string through his skin is a little bleh. Especially since there's some on his lower lash line, eeeh I don't think I could do that. Amon's very up tight about things and meeting Juzo kind of flipped his world on it's head. Juzo's not one for formalities or going by the book. Total opposite from Amon. Toka's also dealing with some issues of her own. I mean Kimi, HUMAN Kimi, told Toka that her Kagune was beautiful. This completely blew Toka away since she's grown accustomed to hiding her ghoul self. And the fact that majority of humans are terrified by a ghoul, much less their Kagune. Toka wishes to have a human life, she didn't get to choose her fate, but still could there be a chance her best friend would still accept her? Things get really heated for Kenaki when a ghoul by the name of Banjo rolls into the coffee shop. We remember Banjo from a snippet of Rize's past. She killed the leading ghouls of the ward when they were going to call her out on binge eating. So far it seems like everyone's connected to Rize somehow, somehow. After doing such an act she left the ward telling Banjo to have good luck being the leader. Searching for her he winds up at the coffee house, only to discover Kaneki and the fact he smells of Rize. Things go haywire when Ayato bursts in on them talking. Next thing you know a fight breaks out and Kaneki's on the losing end, he's kidnapped and taken to meet the One Eyed King. The fearful group of elite ghouls who've done nothing but fight. The Aogiri as they like to call themselves. A war on the verge of happening and Kaneki's just been roped into the middle of it. This is a horror series so expect some grim scenes, blood, and so on. Language as well. I really did love this book in particular because the author gives us more insight into what Kagunes are for ghouls and how they work. I enjoyed that little teaching moment. I will say, MAJOR CLIFF HANGER. So if you wish to continue with the volumes, I recommend chain ordering them. I luckily had this volume and volume 7. And let me tell you, I read both of them in one sitting!! So good. Now excuse me while I go purchase the next couple of volumes. . .

Very good manga this volume is the one that starts to tear away from the anime completely I highly recommend it.

Tokyo Ghoul is an amazing anime as is, in my opinion. The manga DEFINITELY does it justice. I would recommend that anyone who is a fan of a slightly more blood, gore, and all around unique anime. The book was in pristine condition and man am I excited for the next installation...ugh two more months. The struggle is real!

I purchase these books for my daughter whenever they are released because she is obsessed with

this series. I preorder the next book in the series when its available from . The book arrived the day after the release and my 12 year old always lets out a squeel of joy and runs to her room to read them. This time, she finished the book in 30 minutes. Great series!

So far, out of all of the series, this has been one of my least favorite volumes. The characters are still eccentric and interesting, but there was way too much detail about some of the particulars in this book. I zoned out on a few pages and must admit that I am lost as to what happened in about 10% of this volume. The art is still great and I want to know what happens next, so it is still a good series, just not my favorite volume in the series.

My son loves reading this manga!My son loves reading this manga!

Love Tokyo Ghoul and love these books

My favorite manga!
