Antigone [Illustrated]

Synopsis

This Seedbox Classics edition of Antigone includes illustrations. Antigone is a tragedy written by Sophocles. In the story, Antigone is the daughter of Oedipus and Jocasta. She attempts to secure a respectable burial for her brother Polynices, even though he was a traitor to Thebes and the law forbids even mourning for him.

Customer Reviews

Bought this book for an english course in college. I must say, I didn't think I'd enjoy it. However, after reading the first 15 pages I was hooked. I finished this book before my professor asked the class to open it. I've seen other reviews saying this may be the worst rendition of Antigone; my take on it is this:-It's easy to understand.-The author somehow gave the text a modern twist.-It's just a great story overall with a timeless moral.So, if you have any doubts, don't. I later found out all of my peers also liked this book. Just beware, it's a short read. Even if you're a slow reader I'd give this 2 hours and 30 minutes tops. Have fun, enjoy! :D

Was a history of the generations of the gods and wars.

Surprisingly enjoyable read. I got this for my son's 10th grade English class and we read it out loud together, with each of us reading different characters. It was easy to understand and for our first exposure to Greek Tragedy, I was very pleasantly surprised. I highly recommend it.

Perfect!

Great price, good quality for a thrift print.

Had to read this for college English class. Great read. Came in on time and was in good shape.
Overall great experience

The easiest and most enjoyable translation to read and understand the main theme. This version helped me greatly in my Humanities class in college

ok, so I say one-dimensional, but honestly, they were fun. I had to read this for a class, and don't regret it. It was a lot of fun, really well written, and I liked it a lot. Something everyone should probably read at least once in their lives.
